Chrislyn D. Turner

Greetings Sorors, Amicae, Youth and Guests

Welcome to Atlanta!

Our Southeastern Regional Conference will be filled with numerous of activities for everyone. We are excited that each of you will be in attendance. Once again, it is time for us to come together and take care of the business of ZETA for the Southeastern Region. The Southeastern Executive Board has worked very hard to put together a professional and productive conference. The Executive Board and I want you to have a good time and walk away with lots of good memories of fellowship and Sisterly Love.

We've planned for productive business sessions and informative workshops. We will continue our tradition of recognizing the outstanding work of all worthy Sorors, chapters and auxiliaries who have exemplified Finer Womanhood, Community Service and Scholarship. The deadline for registration and hotel reservations is Friday, November 5th.

We look forward to seeing you in Atlanta on November 18-20th. As always, please remember to bring a Soror with you.

Yours in Zeta,

Chrislyn,

Soror Chrislyn D. Turner

Overview

Cancer is a class of diseases characterized by out-of-control cell growth. There are over 100 different types of cancer, and each is classified by the type of cell that is initially affected. Early detection of cancer can greatly improve the odds of successful treatment and survival.

Sisters... By Choice, Inc. (SBC) was founded in 1989 by Dr. Ragsbert F. Phillips, M.D., an Atlanta based breast surgeon. Early on, Dr. Phillips saw the need for programs that increase the public's knowledge and awareness of breast cancer as a means to decrease the mortality and morbidity of breast cancer. Initially formed as a breast cancer support group for women diagnosed with breast cancer and their families, SBC has evolved into a multi-faceted organization serving women in the metro-Atlanta area. SBC's goal is to remain an innovative leader in breast cancer education, awareness, and resources for women diagnosed with breast cancer. This organization has addressed the disparity issues surrounding breast cancer by providing many programs targeted to women who are uninsured and underserved.

What can we do?
